

Certificate of Analysis

British Pharmacopoeia Potassium Dichromate

Lot N:	1184942
Ref N:	CM 53973
Description:	Potassium dichromate used for the calibration of spectrophotometers contains not less than 99.9% of $K_2Cr_2O_7$, calculated with reference to the substance dried at 130 °C
Assay:	101.0%
Method:	Titration with 0.1M sodium thiosulfate VS using 1 mL of iodide-free starch solution as indicator
Expiry date:	12.01.2029

The reagent is specially intended for use in testing British Pharmacopoeia. This product was produced according British Pharmacopoeia specifications using Ph reagent quality raw-material.

Instruction for use

The bottle should be open for the minimum time. After use, the bottle should be tightly recapped and stored under normal laboratory conditions.

This certificate relates solely to the lot number given above.

Certification date: 12.12.2025
